**Re: EVENTING – TECHNICAL DELEGATES fee as of 2006**

Dear Secretary General,

Taking into account the increasing professionalism expected of the officials involved in Eventing, the Eventing Committee has identified the issues relating to the shortage of Technical Delegates as well as the increase of responsibility and workload of these officials at Eventing events.

The more professional Technical Delegates are those who officiate very regularly and Technical Delegates need to be away from normal work for a week and a couple of days for pre-visits per event. It was felt that the only solution to address this issue was payment of the TDs through the FEI. The FEI would then recharge the amount to the Organisers.

**As of 2006** it is planned that a fixed rate of CHF 1500.- be paid to all Technical Delegates from 3 star up for both categories of Eventing and for all level championships. Other levels of events to be considered at a later date..

The proposal was approved by the Bureau in the November 2004 meeting. The influence on other disciplines could not be neglected and it is understood that such a decision could have an impact on the Organisers and system needed be reviewed in 2007 if it did not fulfil expectations.

Please do not hesitate to inform us if you would require any further information on this issue.

With kind regards,

Yours sincerely,
